With keen insight and deep understanding of their pupils' problems, these English teachers confer on projects of the department.

A basketball season record of 20-3 speaks for itself of the good games played by Central this year.

Candidates for Senior Class offices and their nominators are David Beer and Clarence Gatchell, Veronica Dixie and Ruth Kendrick, and Tom Richards and John Bowman—democracy for one and all.

Of Central's many traditions, the Christmas tree display in the center hall is among the very finest. Here members of art classes decorate the Christmas tree.

*W*HEN BOOKS are closed, the colorful side of school life begins. Then come events that keep the morale of pupils at a high peak. The activities, packed with educational experiences, make Central proud. During the school year, the dances, pep sessions, plays, and special events give the pupils a chance to express themselves fully. Some of the programs are the Junior Prom, the Valentine Pep Session, the Senior Play and the Snack Concert. Special events include the 50th Anniversary celebration, Recognition Day, and Caldron Distribution. Our activities teach us to live with one another.

Happen Here!*

# All Eyes Opened Wide At Achievement Show

PARENTS were amazed, the public's eyes were opened wide, and teachers and students were pleased at Central's Achievement Week. During the week of May 11-14, 1954, Central had displays ranging from art to electronics. The scene of all this activity was the cafeteria, and never had it been so gaily decorated. Central's Achievement Week is presented every two years and was begun back in 1950. Students and parents alike were enlightened. Among the departments that had displays were English, speech, mathematics, government, Latin, music, and auto. The Radio Club's amateur radio station W9GHA, was set up in the cafeteria and broadcasts were made. To end the 1954 Achievement Week the music department presented their annual snack concert for students and parents.

# 'Central, the Citadel'

## Theme, 50th Anniversary

"CENTRAL, The Citadel" was the pageant which highlighted Central's 50th Anniversary Celebration the week of November 8-12. Among those who returned were two from the first graduating class from the present building, Miss Emma Kiefer and Judge William H. Schannen, Class of 1905. An alumni banquet was presented for former Centralites, faculty members, and their friends. The featured speaker was Dr. Leonard A. Scheele, '26, Surgeon-General of the United States Health Service. A homecoming and alumni basketball game were among the exciting events of the celebration. Many of the alumni were close to tears as they returned to the halls of Central and were reunited with classmates whom they hadn't seen in years. Miss Marie A. Lebamoff served admirably as general chairman of the Anniversary Week.

**Top:** Members of FBLA form the word KEYBOARD for a dance in the pageant. **Center:** Joy Millraney and Jackie Keldsen, Friendship, Joyce Gaskill, Art, and Paul Cook, Latin, march around as part of the Parade of Clubs. **Bottom Left:** Miss Ladonna Brockmyer, Mrs. Ruth Stults, Mr. Lester Doell, Mrs. Vera C. ## Proud, Happy Honor Pupils Get Recognition on June 4

ALL of us were proud and a little bit envious as we watched the seniors and other students receive awards on Recognition Day, June 4, 1954. Athletes, public speakers, journalists, musicians, artists, and many others received their well deserved awards. Some of the major awards given were the Mathematics Trophy, the Mendenhall Award for basketball, the Writer's Cup, the Caldron Cup, and the Nielsen Trophy. Another trophy given to the Valedictorian and Salutatorian was the Scholarship Cup. The highest award of all was received by Judy Adams and Bill Pomp who were elected by their classmates as the Best Citizens to receive the Doenges Cup for Citizenship. For many meritorious years of teaching at Central, Mr. Veatch was presented with a plaque and a golden, yellow rose as a farewell gift from the faculty. Central is proud of all of these and more, for they show the true spirit of Central.

**Top Left:** On Recognition Day, Miss Nielsen eulogizes Mr. Veatch and his years of service on the occasion of his retirement. **Top Right:** Dorothy Mertz and Kenny Mays accept the Latin Trophy given by Miss Vera Baumgartner for outstanding work in Latin. **Center:** Miss Zeigler awards Norma Bennett the Radio Trophy for student radio work for the Music Department. **Bottom:** Judy Adams and Dave Beer share the Spotlight Trophy given for the most valuable to the business and editorial staffs by Mr. Fleck, advisor.

QUEEN CAROL

Carol Carpenter was selected by a majority vote as Queen to reign over the 1954 Junior Prom. Judy Adams, 1953 Queen, crowns Queen Carol Carpenter. To the right are Attendants June Graft and Karen Oxley.

## Truly 'A Glimpse of Heaven' at Junior Prom

REIGNING over the 1954 Junior Prom was lovely Queen Carol Ann Carpenter. The starry-eyed couples danced to the music of Hal Kern and his orchestra. The vocalist, Jan Adrea, sang the theme song, "A Glimpse of Heaven." The decorations set the scene for a night of enjoyment with the best girl. Hanging from the ceiling were a multitude of glittering, silver stars. A spunglass milky way gave it an angel-like appearance and a large golden, smiling moon looked down on the dreamy-eyed dancers. The throne was designed to resemble a half-moon. The court of twelve beautiful girls were dressed in pastel

shaded gowns, while the queen was adorned in white. Highlighting the Prom was the crowning of the 1954 Queen, Carol Carpenter, by Judith Adams, the 1953 Queen. The band room was converted into a celestial retreat where the couples could refresh themselves with Cokes and chat with good friends. The Prom came to a close with the singing of the theme "A Glimpse of Heaven." The Junior Class worked very well with the president, Tom Richards, and the advisers, Miss Nielsen and Mr. Chadwick, to make a beautiful and enjoyable 1954 Junior Prom.

# Cheers, Stunts, Songs Enliven 11 Pep Sessions

"FIRECRACKER, gun powder, dynamite, BOOM!" was a familiar cheer heard at the lively pep sessions this year. All students looked forward to the pep sessions with great enthusiasm. Sponsored by several of the clubs, the Band, and the cheerleaders, the pep sessions were usually held before each home game and at tourney time, to boost the student body's and the team's morale and school spirit. The Boosters' Valentine pep session honored outstanding track, football, and basketball players and coaches. Altogether, there were 11 pep sessions given this year, filled with excitement and plenty of yelling. The newly formed cheering block, under direction of Mrs. Patricia Martone, made their grand debut at the pep sessions. Principal Spuller more than once complimented the pupils on their pep session spirit.

## Sing, Dance, and Laugh!

CHORUS lines, soloists, quartets, and special talent were enjoyed by everyone who attended the annual vaudeville, "Video Varieties," by the Speech Department, March 26, 1954.

# Fun! Food! Excitement! At 'Big Top' Carnival

GAILY colored streamers and beautifully decorated booths set the background for a night of fun at the Sophomore Carnival, "The Big Top Bazaar," on March 5, 1954. The Vaudeville, "March Madness," and a cakewalk highlighted the Carnival. Crowds gathered around such entertainment centers as the "Shooting Gallery," "Blowing Wild," "Basketball Throw," "Sponge Throw," and many others. The smell of hot dogs, the screams and the laughter, and the excitement were all in the making of one of the most original carnivals in Central's history. The Carnival raises money for their Caldron pages, the Junior Prom, and other projects. Each home room planned and operated one unit of the Carnival. Miss Brown and Mr. Dornte, advisers, said that the Sophomore Class cooperated very well to make the "Big Top Bazaar" a notable achievement for the class of 1956.

## Like Good Fun? Then Go To a Dance at Central!

"REAL GONE!" describes the dances sponsored by different clubs and organizations in school to provide both entertainment and a time of enjoyment with the gang and best girl friend. Some of the outstanding dances were "Trick or Treat Trot," "Winter Fantasy," "Jack Frost Jump," "Pumpkin Prance," and "Autumn Antics." Central had its own dance band to provide the music for the dances this year. The dances provided a place to "let off steam" after a hot basketball or football game and to celebrate in a sensible fashion. The average attendance at the dances was around 300. Special attractions were held at most of the dances to draw a bigger crowd.

**Top Left:** Pat Pearson, master of ceremonies of the Twirlers' Dance, "Snowflake Fancy," reads the names of students who receive gifts from Santa Claus. **Top Right:** "Satch" Gatchell and Linda Hall (SS) dance dreamy-eyed to the soft music at the Twirlers' Dance. **Center:** Preparing for "Foreign Fantasy," the annual Poor Man's Prom, 1954, are Stan Possell, Hank Price, Sam Lewis, Tom Richards, Queen Dave Beer, Jack Hamlet, John Bowman, and Darrell Zimmerman. **Bottom:** Couples at the "Jack Frost Jump" are Ron Pressler and Pat Tyler, Jack Ebersole and Carol Schiemann, and Peggy Fleischman and Jerry David.

# Laughs, Suspense, Fear, Tears in Theater Year

SPARKLING performances, variety of plays, and clever stage work marked the theater season this year. The spine-tingling three-act production of "Terror at Black Oaks," sponsored by the Caldron on January 27, 29, was a thrilling mystery keeping the audience in gripping suspense. The Sophomore Play on October 14, 16 was the unusually humorous production of the comedy "Best Foot Forward." The caricatures and pantomiming done in the setting of a fraternity house were outstanding. For the Christmas Play, the dramatics department presented their interpretation of the television script, "Our Miss Brooks." The Junior Play, "Girl Crazy," given February 16, 18, introduced several new personalities which, with the enthusiasm displayed and the western dialect, made it extremely entertaining and enjoyable. The Shakespearean play, "Taming of the Shrew," on March 18, and a senior play ended the delightful 1954-55 dramatics season.

# What a Year, 1954-55! Never Two Years Alike

THIS was a year to remember. The highlights of the year included retirement of faculty members and startling new haircuts. Central bid a farewell to three of her faculty members: Mr. Haley, principal, left to become Director of Elementary Education, and Mr. Turpin and Mr. Veatch retired after many years of service to Central. Mr. Spuller, the new principal, took his position and is now a member of the Central family. "Let's see, I'll have chocolate" is a familiar remark around the newly installed milk machines in the New and Old Buildings—an experiment in health and refreshment. On Caldron Distribution Day, the students excitedly awaited the unveiling of the 1954 Caldron. Another important event was the week of celebration for the 50th Anniversary, including a pageant, a homecoming, a basketball game, and a banquet. No two years are alike at Central.

**Top Right:** Dave Fox, Eddie Peterson, Phil Reiterman and Hank Price wait in line to get a piece of Mr. Veatch's farewell cake. **Center:** All the staff joins in to assort Caldrons for Distribution Day on May 28, 1954. **Lower Left:** Mr. Richardson demonstrates the voting machine to Jackie Dever and several senior social studies pupils in the all-school voting project. **Lower Right:** Neighboring home room teachers, Mr. McFadden and Mr. Still, stop to bid farewell to Mr. Turpin, at his last home room period.

## S<sup>E</sup>VENTEEN CLUBS,

five organizations, play a definite role in the school life after books are closed. Central is proud of these clubs and organizations for the inspiration given the pupils who find friendship and help in serving over and beyond expected duty. Several clubs, such as Service and Boosters, serve the school directly. The Math Club is the oldest school club, organized in 1914. The organizations work from dawn till dusk, thus making the school day long at Central. These groups build Central, socially, spiritually, and scholastically.

# Choir Proves Excellent Musicianship at Concerts

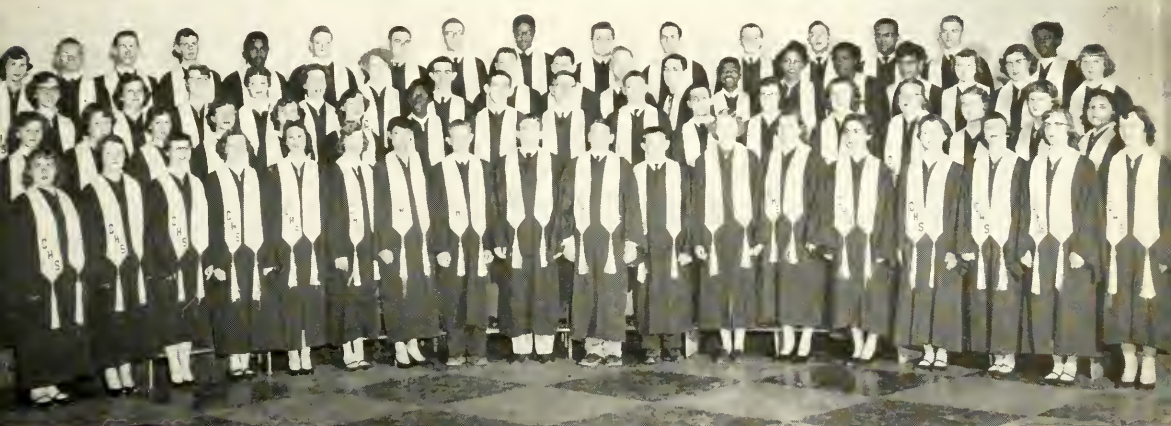

THE CHOIR again proved its fine musicianship by performing in various concerts throughout the year. Three concerts were given for the student body and parents along with numerous concerts held at different churches. The Choir added to the

Christmas spirit by singing at the Lincoln Tower. Under the direction of Miss Verda Mae Zeigler, the 70-voice Choir rehearses every day, second period. Extra hours of practice are spent by those in special groups. The boys quartette, girls sextette, and other ensembles provide many happy moments of entertainment for different organizations, groups, and churches. The Boys Quartette represented Central in the Allen County Barber-shop Quartette Contest. Many honors were won at the District and State music contests. The climax of the year came when the Choir joined the other public high and grade school choirs in the Musical Festival. Central can be proud of another fine Concert Choir.

Miss Zeigler, Betty Moore, and Choir President Felix Younger are discussing a recent article in the Etude Magazine.

## State Famous Orchestra,

WITH practice daily fourth hour, the Orchestra has grown in number and musicianship. The city-wide Music Festival, three concerts given for the student body and parents, and graduation exercises for the Class of 1955 were occasions where the Orchestra also played. Manchester College was the site of the String Festival in which the Orchestra participated with other high school orchestras. Several individuals entered and won honors in the district and state music contests. Mr. Stodden, director, said the Orchestra was the best and most pliable ever at Central in that they are easy to work with and all are good musicians.

**Left:** Mr. Elbert Stodden, energetic director, explains the parts of a French horn to Dick Bentz and June Graft.

Page Twenty-Eight

## Band Take Firsts, Tour Indiana, Make Us Proud!

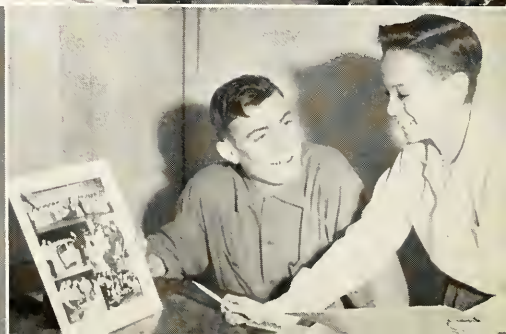

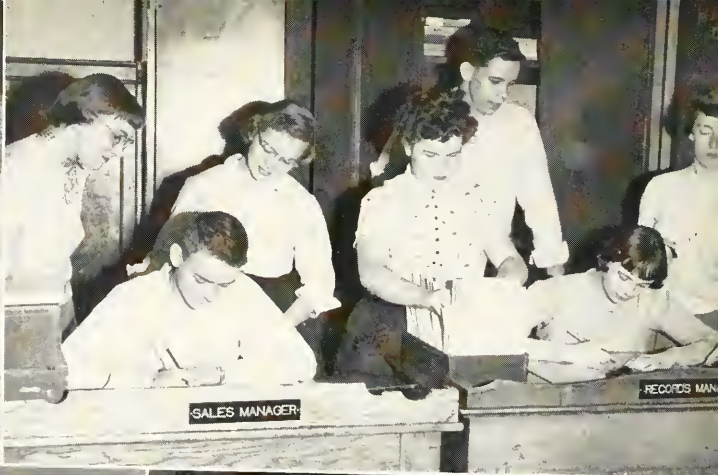

THE CENTRAL BAND showed its musicianship in capturing superior honors in their division of the State Band and Orchestra Contest on April 16. Under the experienced leadership of Mr. Stodden, the Band has proven itself a great asset to Central. The Band performed at the football and basketball games, boosting the morale of the players and fans during victory or defeat. At the three concerts given for the student body, the Band played arrangements of be-bop, classical, semi-classi-

cal, and popular music. To excel in the field of music sections of the Band practiced daily early in the morning and in the evenings after school. The Band played during pep sessions, at social gatherings, and at junior high and grade schools of the city. To climax a great year in the music field, the Band and Twirlers gave concerts in Hartford City and Noblesville on their annual band trip, April 22-23. They visited Indianapolis and took a tour through Butler University and Butler Field House. Central can be proud of the good spirit and wonderful representation given her by the Band.

# Four Caldrons, One Diploma

THE CALDRON has become a definite part of Central life and tradition. Almost all Centralites expect to graduate with one diploma and four Caldrons. Financially, the school backs the Caldron in home room sales, club and

activity page pledges, athletic association page payments, and class grants. The staff works every day of the school year, and some vacation days, to push the work along, beginning in April of the year before distribution. The sales drive this year netted 1432 subscribers, calling for \$5,000 in subscription money, a showing of confidence in the staff. An innovation this year was the sale of a \$2 package of underclass pictures to a record number of pupils. The darkroom and photography staffs have the best equipment to assure high quality of photos in the Caldron. The high moment of the year comes with the unveiling of the Caldron on Distribution Day.

Editor for the Caldron was Gloria Jeanne Smith, senior, to whom goes credit for a yearbook of originality, complete coverage, and striking photography. Manager this year was Janet Shook, junior, who financed the book like a veteran, raising the needed \$9,000 and managing the office with skill.

## Writers, Deadline Fighters, We're Spotlighters!

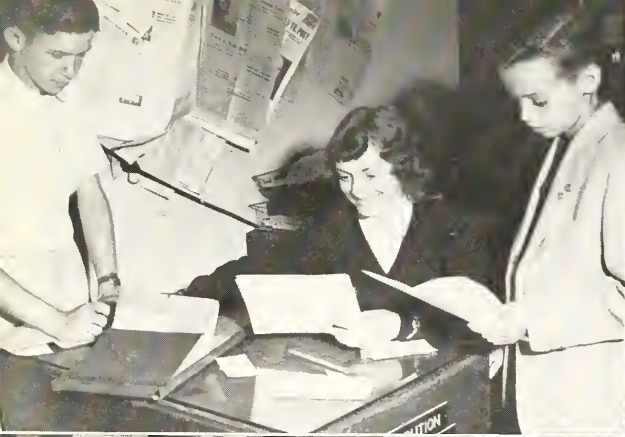

THE SPOTLIGHT editorial staff is a self-governing staff, and it is comparable to the cells of the body. The editorial staff finds the material for a paper and puts it to work much as a cell acquires food and puts it to

work. The staff has many jobs in the two weeks allotted to get out the paper. That is to say that each paper takes two weeks to be completed from the planning stage. The managing editor plans the paper with the advice of the editor and adviser. The paper

then goes to the feature, news, and sports editor for story assignments. Stories are then processed and sent to the printer. When the proof comes back it is laid out on the regular sized paper, and sent to the printer for final printing. Then the same cycle begins again. Since it does take two weeks for the paper to be completed, it is necessary to have two people doing the same job alternately. Such is the case with the managing editors, news editors, and desk editors. The paper has been proved one of the outstanding in the country through its many citations from the National Scholastic Press Association.

# We Can Do It: Advertising, Selling, Financing

THE SPOTLIGHT business staff is very busy throughout the school year. Getting ads for the weekly paper, checking and keeping records of the sales, and ordering supplies and paying bills are the jobs which the pupils do every day of the week. The staff consists of manager, office manager, auditor, records, distribution, mailing, sales and advertising managers, and bookheads. The bookheads and records manager work together in recording and receiving the sales from the homerooms. The distribution and mailing staff work together on Thursday nights folding the

Spotlights for each home room and getting them ready to be mailed to out of school pupils and other schools. The advertising staff and auditor work hand-in-hand in getting contracts to those who buy ads and making the layouts for the ad pages. The manager, assisted by the office manager, sees that everything runs smoothly and has charge over the business staff. Agents from the 100 per cent home rooms are given candy for their splendid work. It's not just one staff, but the whole school that works to put out the Spotlight.

## Girls Check 8,000 Books in Orderly Library

NATIONAL Book Week was the special project of the Library Service Club. The club was organized in 1936 with 20 members. The purpose of this club is to enable pupils to learn library procedures and techniques, to popularize reading among all pupils, to enjoy group reading experiences, to lay stress upon individual responsibility and resourcefulness, and to

strengthen self-discipline among pupils using the library. The library contains approximately 8,000 volumes of cultural, humorous, mysterious, adventurous, and up-to-date reading. The social highlight of the year was their annual Christmas party. Mrs. Dorothy Vallance, librarian, is the adviser of the club.

**Top Left:** Mr. John Watson, of Galbreath Studios, is explaining how records are used in making television films to Bob Joyce, Richard Hill, Bernard Aurand, Karen West, Janet Dukes, and Gloria Burkett. **Top Right:** Mr. Peau, a mathematical wizard from Garrett, is solving difficult mathematical problems for the club. **Center:** Officers: Alex Alexandrow, treasurer, Phil Gieseke, vice-president, Marie Ganaway, secretary, and Robert Joyce, president. **Bottom Left:** Phil Gieseke is showing his project of polyhedrons. **Bottom Right:** Bob Joyce, Dick Norris, Paul Berkle, Bill Boeseker, and Keith Jacobs are head of the "chow" line at one of the Math Club parties.

## Oldest Club Challenges Math-minded Pupils

"WINTER FANTASY" on January 7, was the annual dance sponsored by the Math Club. Math Club, organized in 1913, is the oldest high school club in the city. It helps the members develop a better appreciation for math and gives them a clearer understanding of different mathematical problems. It also promotes

a friendlier relationship between teacher and pupil. The students going to the Indiana University State Mathematics Contest are sponsored by the Math Club. The members also enter projects in the Math-Science Exhibit at Purdue. Miss Ridgway is the adviser with Miss Plumanns, as co-adviser.

**Top Left:** Mr. Griggs, club adviser, is selling a coke to Mr. Robert Dellinger while Kay Walda, Dorna Phillips, and Carlene Crance assist in sales. **Top Right:** Mr. Griggs, Shirley Shroyer, and Margaret Linker are looking at a book of awards that would be presented to worthy club members. **Center:** Officers: Margaret Linker, secretary-treasurer; and Shirley Shroyer, president. **Bottom Left:** Paul Cook and Mike Scheuerman buy a pencil from Donna McGregor and Ladonna Gruber. **Bottom Right:** Deanna Cook, Kathy Eloph, Jane Preston, and Alice Johnson perform during the annual Booster pep session, "USS Valentine."

## 'Good Service to Central!' That's Our Motto

"RAINBOW RHYTHMS" was the name of the dance sponsored by the Booster Club on April 15. The Central Dance Band played for this exciting event. The outstanding athletes in all sports and their dates were guests. The Booster Club was organized in 1923 for the purpose of giving the

school leadership in support of good school spirit and citizenship. The club meets on alternating Tuesdays of each month with the adviser, Mr. Griggs. Thirty-six of the school athletes and the four coaches were given candy at the Club's annual pep session. The "USS Valentine" was the name of

the pep session where dances, skits, songs, and pantomimes honored these athletes. At the annual banquet at Christmas time, at Wolf & Dessauer Restaurant, Baer Field on December 21, Rita Young presented a Christmas story, and then Santa Claus came with gifts for everyone. The special projects

of the year were selling hot dogs, cokes, candy, and other refreshments at the home basketball and football games, and the selling of Central decals, ball point pens, pins, and pennants. With a membership of fifty the Booster Club is striving to create a school spirit of which Central can be proud.

## Keen Competition Spurs Young Public Speakers

"TRICK OR TREAT TROT" was the intriguing title of the dance sponsored by the National Forensic League. Shirley Shroyer reigned as the Queen and Bonnie Danner and Marilyn Krewson were the honor maids. The National Forensic League was organized in 1929, for the purpose of creating and advancing the cause

of good public speakers. The club meets once a month with their advisor, Mr. James McFadden. The present membership is 40. A main function of the NFL is to compete in speech contests held at Purdue, Howe, Indiana University, and Ball State, at which contests Central gains honors consistently.

**Top Left:** Members gather around the Christmas tree to receive a present from Della Reed, president at the Christmas party. **Top Right:** At the Christmas party songs of the Yuletide are being sung while Bob Deck is accompanying on the piano. **Center:** Officers are Della Reed, president, Jane Preston, vice-president, Raymond Kern, secretary, and Margie Blount, point recorder. **Bottom Left:** Miss Spangler is showing a plant to Don Pynchon and Cecil Carpenter, at Doswell's greenhouse. **Bottom Right:** Mr. Doswell is explaining a plant to Nancy Eicher, Carol Crothers, and Marilyn Fischer.

## Biologists Plant Trees, Improve 'The Acres'

"THE ACRES," a wooded area of land near Decatur, is a conservation project of the Biology Club. The project of "The Acres" has been divided into a long-range program in which each member does a job in improvement. The club participated in the Science-Math Assembly at Lafayette and also entered projects

in the Manchester exhibit at Manchester College. They also have square dances and a Christmas party. Biology Club was organized in 1940 and has a membership of 30. The purpose is to promote a greater interest in biology. Miss Iva Spangler is the adviser. The club meets on alternate Thursdays.

**Top Left:** June Graft, Shirley Shaw, Miss Heal, Ruth Kendrick, Veronica Dixie, and Gloria Smith celebrate the first anniversary of FBLA. **Top Right:** Reaching for more gifts in the Christmas exchange are Shirley Shaw, Gloria Smith, Veronica Dixie, and Leila Stearns. **Center:** Vivian Salmon, president; Mary Brown, vice-president; June Graft, secretary; Thelma Cato, treasurer; and Carol Sue Trovinger, historian. **Bottom Left:** Mary Jane Miller, Barbara Dixon, and Mildred James are serving refreshments at the meeting during National Secretaries' Week. **Bottom Right:** Business alumnae return to visit during Secretaries' Week.

## Our Future Secretaries Are Made, Not Born

DURING National Secretaries Week the Future Business Leaders of America invite the alumni of the Business Department to a reception in their honor. The FBLA, formerly the Debs, is a comparatively new club which was installed on a national basis. At the meetings, once a month, they have time for business, recreation, and

refreshments. The initiation for new members is a formal affair. Several of the social projects were the installation of a new chapter in Fremont, Indiana, and on Jan. 21, the dance, "Jack Frost Jump." At the Christmas party they enjoyed an exchange of gifts. The club adviser is Miss Georgia Heal.

**Top Left:** Sandy John is serving Miss Margaretta Horner, Teenage Council director, at the initiation of new members at the YWCA. **Top Right:** Members visit the Parkview Memorial Hospital on March 24. **Center:** Officers—Seated: Thelma Cato, treasurer; Sandra John, president; LaDonna Gruber, vice-president. **Standing:** Oonagh Hunter, devotions; Joy Millrane, secretary; Kathleen Gomoll, publicity. **Bottom Right:** Miss Horner is talking to the Club about her trip to the Netherlands during the summer. **Bottom Left:** Sharon Stearns, Joy Millrane, Sandy John, LaDonna Gruber, and Judy Deaton check the sales of senior name cards.

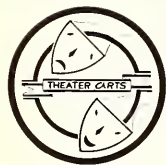

## Fifty Friendship Girls Prepare to Face Life

THE FRIENDSHIP CLUB, organized in 1916, is the second oldest club in Central. The club meets the second and fourth Thursdays of the month to teach students how to face life squarely; to find and give the best; and to aid in developing themselves mentally, spiritually, and socially. The club sponsors the devotions every Monday morning over the public

address system. The special work project of the year was selling the senior name cards. Some social highlights are "The Tournament Twirl," the Freshman Coke party, and the YWCA Centennial. Membership is 50. Advisers are Miss Marie Lebamoff and Mrs. Lorraine Davis.

**Top Left:** Janet Giesekeing and Henry Price are putting on make-up before "Terror at Black Oaks." **Top Right:** Dave Fox, Betty Moore, and Jan Stine put on cold cream as a base for the make-up. **Center:** Bona Cress helps Carole Carl administer corn starch to Barbara Niebel's hair. **Bottom Left:** While Barbara Niebel sews, Joy Millraney puts the finishing touches to Norm Beer's costume. **Bottom Right:** Richard Scott, Bill Springer, Herb Matthias ready the lights for "Taming of the Shrew."

## The Show Must Go On! That's Theater Life

BEHIND the glaring lights of the stage and the performance as the audience sees it is the hard work that takes many hours. The backstage worker does not receive the glory and recognition usually attributed to the actor. The stagehand's satisfaction comes from knowing that he has done a good job and has con-

tributed the most important work toward the play's success, in that he has created the illusion of the surrounding conditions that is always a factor in every production. The biggest duty in creating this illusion is the crew chief's job. It is he who directs the construction of the entire set. He draws the plans ac-

cording to the script and limitations of the stage. Next he selects the flats, as the set wall is known to the theater, that he will be able to use in this play. If additional pieces are needed, it is he and his crew who build the frame and attach the canvas to it and paint the necessary design. He must erect the sets

with stage props that are screwed into the floor and roped to the flat. A process called "Dutchman" is the next step. This is connecting the flats and making them look like walls. The finishing touches are put on to complete the wall work. Another important job is the prop manager. His duty is to "dress up" the

stage by putting furniture, pictures, dishes, and the necessary props which the actor needs to make the production a realism. The costumes and make-up are important in making the actor fit the role that he has to portray. Business and publicity are other important jobs. Without an audience the stage presentation is

given in vain. Ticket sales, programs, and posters all go into the making of a successful play. If any one of these jobs was left undone, the play will not be successfully given. There is much hard work that goes into the completion of a play that never meets the eye of the audience.

## Central Builds Talent That Can Use A Palette

BEAUTIFYING the halls of Central was the main project of the Art Club this year. The club is responsible for the colorful decorations of the Christmas tree and main hall of the Old Building, an honorable tradition at Christmas time, and also for keeping the alumni file attractive and up-to-date. Their two big events of the year are their trip to either Toledo,

Detroit, Canada, or Chicago, and their party for Art 1 pupils. The Art Club was organized in 1930 to give its members a better appreciation of the art world. The present enrollment of the Art Club is 32 members. The advisers are Miss Loretta Acker and Miss Blanche Hutto.

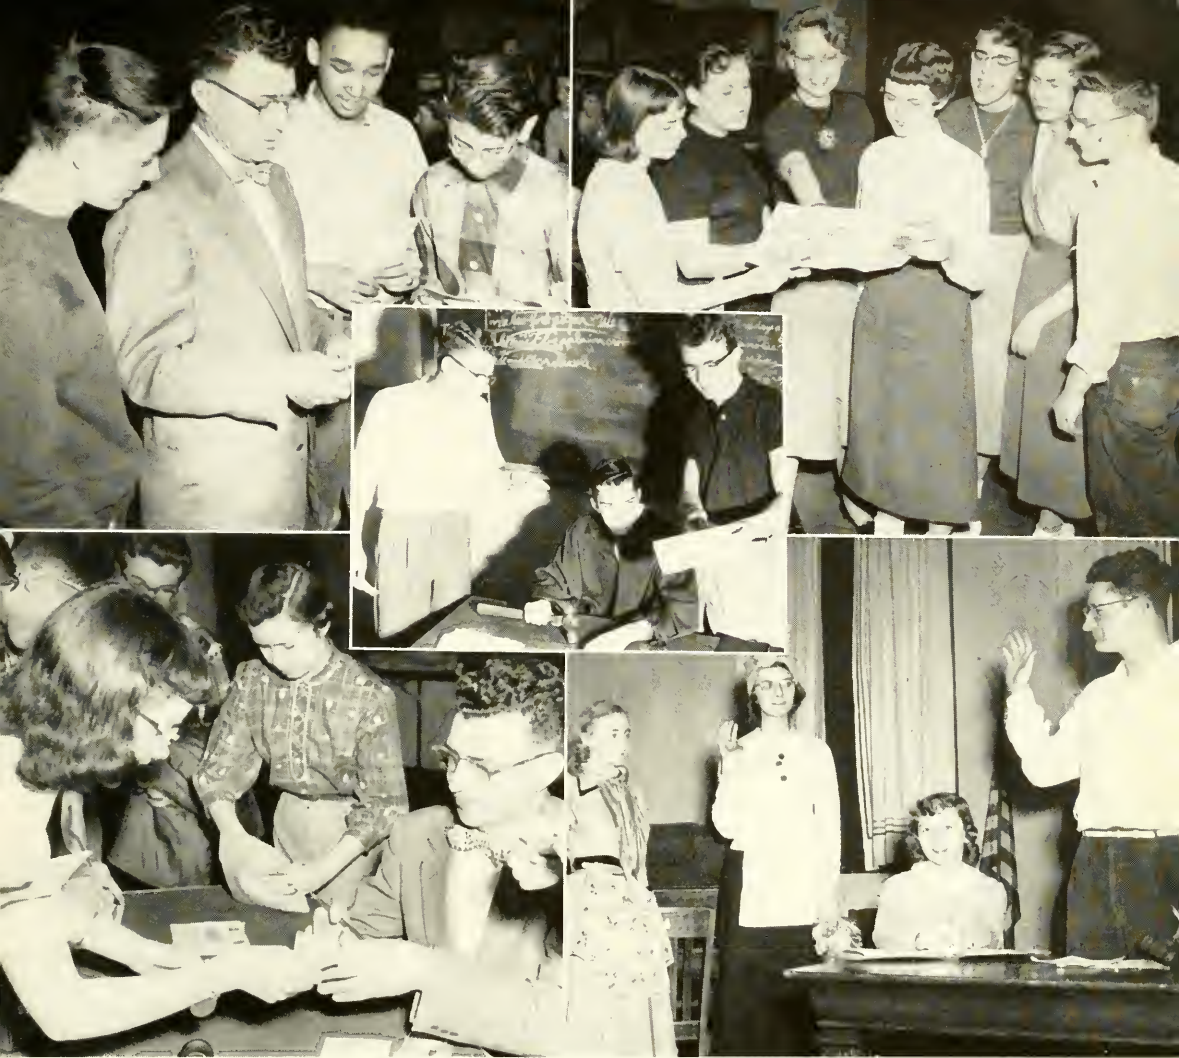

**Top Left:** Initiating a new member are Sharon O'Brien, Carole Carl, and Pat Jobes. **Top Right:** Guiding an initiate through the torture chamber are Paul Buerkle, John Weston, Bonnie Danner, and Mr. Richards, club adviser. **Middle:** Officers: Betty Baumgardner, secretary; Jean Cullimore, vice-president; Dave Fox, president; and John Weston, treasurer. **Bottom Left:** Mr. Roy Bates, guest speaker, is lecturing on the natural formations of the Great Lakes. **Bottom Right:** Initiates, Sally Mattison and Jerry Miller, are following the directions of old members, Phyllis Koble and Sue Jackson.

## Trips, Lectures, Films, Elections, Mock Trial

"NEW YORK, HERE WE COME," was the familiar cry when 43 Anthony Wayne Club Members and friends boarded a Trail Blazer for the entertainment capital of the world. Glass top motor coaches were waiting to greet the happy students as they arrived in the "big city." Such famous points of interest as

Manhattan, the Bowery, Times Square, Radio City, Empire State Building, United Nations Building, and the streets of Chinatown were no longer a dream, but a reality. The last day of the four-day trip was highlighted by a yacht trip around Manhattan Island. Another special project that the Anthony Wayne Club

## Promote Active Interest in Our Government and History

undertook besides the spring vacation trip was the voting demonstrations prior to the mock election held in the fall. Parents' night proved to be one of the most successful meetings of the year, as it was highlighted by a mock trial. Fallen Timbers, located just outside of Toledo, Ohio, was the scene of a one-day excursion which was a highly educational project. In

the way of social activity, the club sponsored the "Pumpkin Prance," their annual dance. Mr. Richards, the adviser, meets with the members twice a month on Monday evenings. The Anthony Wayne Club, organized in 1946, promotes active interest in history and government.

**Top Left:** Discussing the minutes are Felix Younger, Lloyd Brewer, Jack Green, Rosalie Pevert, and Byron Canaan. **Top Right:** Bill Isenhouer, Jack Duly, Carol Levy, Barbara Morton, Mary Jane Fredrick examine the point totals. **Center:** Officers: Alfred Sutto, vice-president; Felix Younger, president; Rosalie Pevert, secretary; Jack Green, sergeant-at-arms. **Bottom Left:** New Home Room Council members are being affirmed into Student Council. **Bottom Right:** Charles Rowe, Larry Wilcoxson, LaVena Walker, Byron Canaan, and Jack Green gather around to talk over a new project.

## Read All About It! Young Democracy at Work

"THE TURKEY TROT" at Thanksgiving was the annual dance sponsored by the Student Council. The purpose of the Student Council is to encourage student participation in school affairs, to practice the ideals and techniques of democracy, and to foster a spirit of co-operation between student and teacher. Special

projects of the year are ushering at basketball games, Bible reading over the public address system, the painting of the numbers on the study hall seats, and the selling of the Fiftieth Anniversary plates, and consideration of the school traffic problems. The adviser is Mr. Richardson.

**Top Left:** Service workers helping in the main office are John Weston, Marlere Smith and Ellen Magner. **Top Right:** Members of service club with more than 100 service points are Carol Sue Trovinger, Myrtie Ruth Fousnought, Carol Scheimann, Ellen Krudop, Sally Matison, and Carol Smith. **Center:** Working in the guidance office while Miss Brigham is teaching her class are Gloria Smith, John Weston, and Bill Foreman. **Bottom Left:** Doing special work for some teachers are Barbara Decker, and Judy Beckman. **Bottom Right:** Helping with the morning attendance are Marilyn Krewson, Carol Miller, Helen Nickelson, and Carol Scheimann.

## This Club Never Meets, Serves School Daily

THE ONLY club at Central that does not have an election of officers or have regular meetings is the Service Club. This club is made up of students who volunteer to help in the attendance office and in the library. In the attendance office the students help in gathering and sorting attendance slips. In the library

they check books in and out and work with the students who need help. They also help teachers in recording grades. The students receive pins and awards on Recognition Day from the adviser, Mrs. Vallance. These workers contribute much to the efficiency of the school.

**Top Left:** Refreshment time at the Christmas party! **Top Right:** Ann Gick and Pauline Bailer present a Christmas present to Nancy Rowe. **Center:** Ann Gick, outgoing president, and Bob Deck, incoming president, Lois Stauffer, incoming secretary, Carol Krider, incoming vice-president. **Bottom Left:** Members play a game in which the English word is given and has to be spelled in Latin. **Bottom Right:** Bill Baldwin, Judy Beckman, Jerry Vice, Beverly Zimmerman, Carol Krider, Maenette Beasley, and Jessie Minor are also enjoying refreshments.

## Pupils Discover New Ideas In Old Language

THE LATIN CLUB, under the guidance of Miss Vera Baumgartner, is open to any pupil who has taken or is taking Latin. The Club now has a membership of 34. The purpose of the club is to give its members a better appreciation of Latin and to make them better acquainted with one another. The Club holds its

meetings the second Wednesday of each month. The Latin Club's big social events of the year are the yearly spring picnic, and their Christmas party where they exchange gifts and sing carols in Latin. Members find Latin lively, indeed.

## Ham Work Is Fun! We Learn Things, Too!

RADIO WORK appeals to boys who seek opportunity to develop their hobby in Central's own amateur radio club. This club has its own transmitter, Station W9GHA. During Achievement Week the members demonstrated their work in the cafeteria. Last year they went on a field trip with their transmitter and a

portable power supply. Club activities include speakers in the radio field and trips to local radio and television stations. The club was organized in 1949 under the sponsorship of Mr. Gilbert Wilson. They meet every first and third Monday.

## Busy Pressmen Fight Deadlines, Relax, Dine

A BIG event of the Press Club is the May Breakfast held every spring, when the senior members of the club show their cooking skill by preparing breakfast for the other members and the faculty guests. In order to become a member of Press Club, one must work on either the Spotlight or the Caldron, and must accumulate 3,000 points. Forty-eight members made

up the Press Club membership in the fall term, and Mr. Robert O. Dellinger served his second year as the faculty adviser. Other main events of the year are the once-a-semester initiation ceremonies, mid-term party in the Lewis Room, and a banquet in May, to climax the year.

## Pretty Tigerettes Add Flash, Dazzle to Games

THE "MARCHING TIGERETTES," a colorful organization at Central, was organized in 1945. They boost the school's morale, make new friendships, and entertain the spectators during the halftime at home basketball and football games. On December 3, the Twirlers sponsored a dance called "Twirlers' Snowflake Fancy," to earn money to buy new uniforms. With

the expert training of Mr. Elbert Stodden and Mrs. Edna Chester, advisers, the girls compete against other high schools in a solo twirling contest, held at North Side High School. The "Tigerettes" march in the Memorial Day Parade, also. Each year they have a spring picnic and Christmas party.

**R**EGARDLESS of wealth,

color, or creed, everyone in Central gets the same opportunities to excel. The 1600 or more pupils in the "big school family" are treated with equality, each standing on his own two feet. At one time this year the enrollment showed 991 boys and 696 girls. All this number, from all walks of life, live harmoniously together, day after day. The variety of pupils and the diversity of interests give rise to original ideas and interesting living. Central is proud of this high standard of democracy.

**T**WENTY YEARS is the time needed to take all the courses offered at Central, a study of the curriculum reveals. The subjects are planned to give pupils the very best choices, under capable teachers. Of 79 teachers, 56 hold masters' degrees, and one, a doctorate---evidence of high training. The ages range from 23 to 65 years, with the median age about 46 years. Not only do the teachers give assignments and hear recitations, but they also freely help to meet the problems and difficulties which come in school and personal life. Central is proud of the rapport between pupils and teacher.

*Here to Teach,  
Here to Guide*

AARON T. LINDLEY

## Says the Superintendent:

"Central High School is a school with many great traditions. Patient and understanding teachers guide each student in the learning of the ideals and spirit of Central and help them to gain the knowledge and inspiration to serve their community. During the last fifty years, Central Alumni have brought much honor to Fort Wayne. I feel sure that the Class of 1955 will uphold the Central traditions and make valuable contributions to the community."

Aaron T. Lindley—Superintendent of Schools. Earlham, A.B.; Butler University, M.S.; Columbia, Purdue, Chicago, and Northwestern Universities, graduate study. Came in 1952.

## Says the Principal:

"The achievement of Central High School over the years is most praiseworthy. Her sons and daughters are, today, occupying positions of trust and responsibility throughout the world. Today Central is rich in many great and valuable traditions. She has a spirit that is 'singular,' which permeates its faculty and student body. We have had a great year together! The year has been one in which we proudly say, 'I belong to Central.' Let us move together for a greater Central and the building of great lives."

Paul Spuller—Principal. Ball State Teachers' College, B.S.; Indiana University, M.S.; Northwestern University, graduate work. Came in 1954.

PAUL SPULLER

# Principal Haley Leaves, But Remains a Centralite

THE STUDENT BODY was speechless when the news of Mr. J. Wilbur Haley's leaving was announced. Six years as principal of Central had come to an end. A new job was now awaiting him as Mr. Paul Spuller, principal of Smart School, was assigned to Central. Mr. Haley had been appointed as the new Director of Elementary Education and Special Education. While at Central, Mr. Haley showed great interest and enthusiasm in the pep sessions and in maintaining the school spirit of Central which has prevailed down through the years. More than one pupil expressed his satisfaction in having the privilege of talking to "that nice man" about school problems. On Recognition Day, Mr. Haley further exemplified his school spirit by stating that he was not really leaving Central, because "Once a Centralite, always a Centralite."

**Above:** Ed Boseker, Kiwanis Citizen, presents Mr. Haley with a gift of luggage as a token of Central's appreciation for meritorious work in his six years as principal. This presentation was a feature of Recognition Day, June 4, 1954.

**Below:** Janet Boltz, president, presents Mr. Haley with a gold pin making him an honorary member of Press Club, at the end-of-school dinner, May 26, 1954. **Right:** Mr. Haley wishes the best of everything to his successor, Mr. Spuller, in the office of the principal.

## Faculty Takes Time Out

Time spent in informal relaxation by the faculty members proves that our teachers also enjoy the "human" things of life. Close harmony was exemplified this past year in the lighter moments the faculty spent aside from their work.

**Top:** The faculty honors Mr. Turpin, who was leaving Central in January. # PTA Strives for Better School, Homes, and Community

FAMILY potlucks, bake sale, teas, rummage sales, square dances, and panels kept the Central PTA busy during the year 1954-55. The general theme of the PTA program was "Let's Try Cooperation for Better Homes, Better Schools, Better Communities." One of the highlights of the year was the family potluck at which our new principal was introduced to teachers

and parents. Some of the other highlights were the bake sale, American Education Week, Back-to-School, the rummage sale, the Senior Banquet, and the meeting when the PTA journeyed through Europe by use of slides. The PTA study group kept busy with various pupil topics in regularly scheduled meetings held in the Lewis Room.

## Help for One, Help for All

NO personal problem or college problem is too large or too small to get attention from an experienced adult at Central. Problems of attitude and personal happiness can be overcome in the offices of the dean of boys and the dean of girls. Know what course to take? The answer can be found in the guidance office. # Better Homes, Finer Food, Smarter Clothes? Here's How

CHILD care, family relations, home management, sewing, and food preparation are several phases of the home economics course offered to girls and boys, all of whom will have some contact with home economics. This course helps pupils in personal growth and development, physically and mentally, and in social relationships. It contributes to the objectives

of all education through the problems primarily concerned with home and family living. New sewing machines, a modern, up-to-date kitchen, and the very best literature are employed to give the very best possible home economics education. This department contributes to society a healthier, happier, and more responsible individual.

**Top Left:** Studying family budgets in Family Relations class are Jane Tarney, Jackie Kelsden, Sharon Paulson, Doris Wood and Dixie McIntosh, at the blackboard. **Top Right:** In a beginning clothing class Pat Blevins fits a pattern to Betty Christmas (C.C.). **Bottom Left:** Betty Ott is refilling Jo Sommers' glass

**Top Left:** Reading a script for the radio are Phil Rieterman, Margaret Nelson, Dick DeArmond, Sylvia Saver, Carol Koehler, and Norm Beer. **Top Right:** Learning the organs of speech, as explained by Mr. McFadden, are "Satch" Gatchell, Alice Johnson, Mary Shoemaker, Felix Younger, and Carol Schei-

mann. **Bottom Left:** Reading galleys in journalism are nine journalism pupils. **Bottom Right:** The third-hour choral class, under Miss Zeigler, is working on the concert arrangement of "Johnny Schmoker."

## Speech, Chorus, Journalism Stimulate Activities

WITH INCREASED knowledge of public speaking, a student learns to speak fluently and confidently, gaining experience by speaking in front of the class and appearing on various local radio and television programs designed for such educational purposes. Chorus classes, which meet three days a week, give

fundamental music training and are a preparatory for concert choir. Journalism is offered to students who are primarily interested in story writing, copy and proofreading, headline writing and newspaper planning. These courses offer unlimited opportunity for the interested student.

# Going to Work in an Office? Central Prepares Hundreds

STENOGRAPHIC, clerical, and distributive education are the three branches of the business department. Basic subjects for the first two years in all phases are junior business for freshmen and bookkeeping for sophomores. The subjects are intended to give the student some insight into what the business

requirements are, whether or not he wants to continue in the business field, and the type of work for which he might be best suited, and in which he is most likely to succeed. The purpose of the stenographic branch is to train secretaries for a particular job with emphasis on shorthand and typewriting. In the clerical

## For Responsible Jobs in Industrial, Business Offices

branch students do not take shorthand, but more emphasis is placed on general office work, with particular skill in typewriting, filing, business arithmetic, and general office procedures. The distributive education program is to train students for behind-the-counter selling, with special emphasis on how to meet

and get along with people. The business department not only trains for specific jobs but also gives training in general information. Scores of secretaries and office workers now filling positions in industries and business are Central business department graduates.

# Pupils Gain Knowledge To Choose Vocation Wisely

DURING the past one-half century vast numbers of Industrial Arts and Vocational Education students have entered and succeeded in all types of work in and near Fort Wayne. The total program is being constantly improved and students are being better trained. For example, in the past year 25 boys of our shops placed in the Henry Ford National Com-

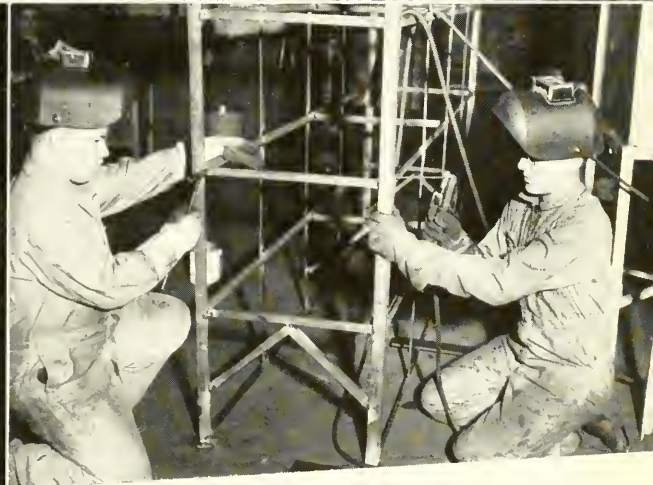

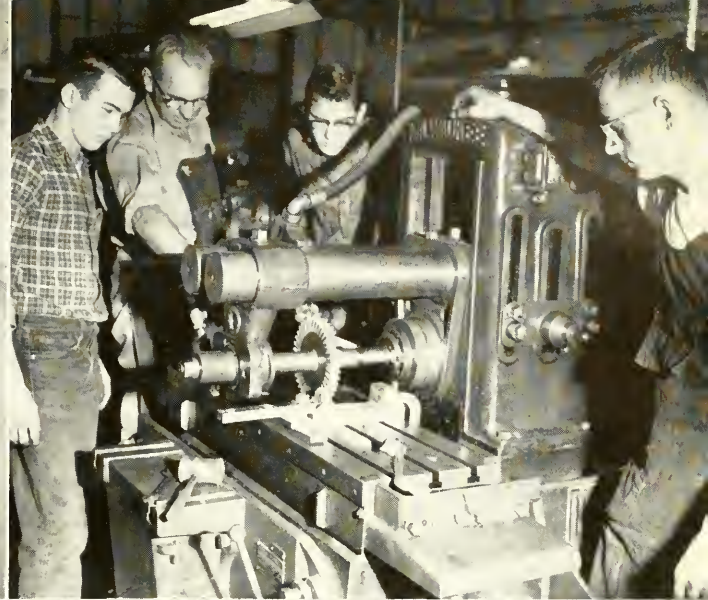

petition Contest. Industrial Arts builds toward better effective utilization and appreciation of the materials, processes, services and products of business and industry.

The classes are laboratory classes working with materials and information in an effort to understand our

## And Make Good Progress in Shop Preparatory Program

total life environment intelligently. Central High School courses of Industrial Arts are auto mechanics, drafting, electricity, machine shop, welding, and wood working. They are carefully supervised whereby pupils may gain knowledge to more wisely choose a future vocation.

Vocational Education is for pupils who have definitely chosen their vocations, and their training must go beyond Industrial Arts. Vocational Education gives specific training for employment in trades, industry, and business. Vocational Education develops definite habits, skills, and information so that the student will

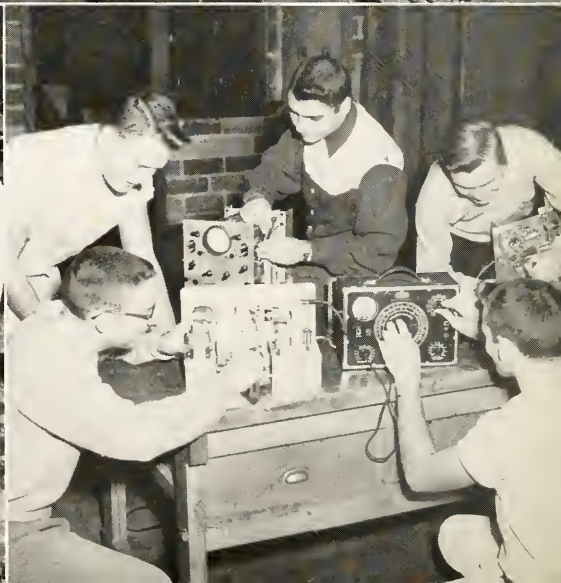

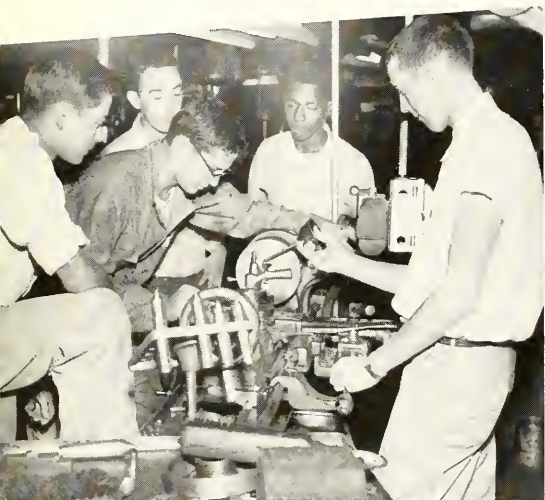

# To Understand Our Total Life Environment Intelligently

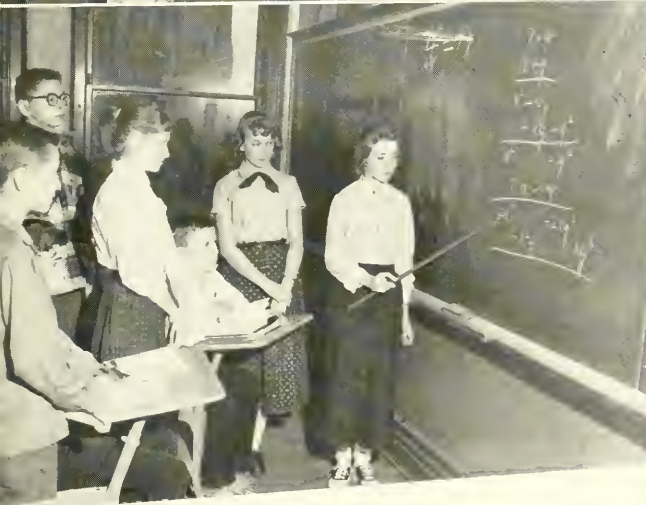

be able to enter his chosen vocation with reasonable assurance of advancement. Special vocational classes bring opportunities to pupils who may not graduate, but who can definitely profit from skills gained in shops and home economics projects. Very few high

schools in the country are so well staffed and so completely equipped as are the shops at Central. Here the boys find unlimited opportunity in their chosen work. Central boys are indeed fortunate to take part in these classes.

**Top Left:** Working on a lathe are Larry Brown, Jerry Whitton, Bob Fancher, and Charles Bates, while Ken Rasor is applying oil. **Top Right:** Girls of Mrs. Conley's special vocational class are laying a pattern which they will cut and sew, in a cooperative project. **Bottom Left:** Boys from Mr. Arnold's special class

work on a wood lathe in woodshop. **Bottom Right:** Phil Reiterman, Jim Evans, Roy Watson, John Cornelius, and Bob Curts are working in Mr. Wilson's electricity shop on radio testing equipment.

**Top Left:** Mr. Dornte is explaining a geometric figure to Arthur Platt, Cornelius Hill, and Charles Hayden. **Top Right:** Shirley Fisher measures an angle in Mr. Rowe's Geometry I class while Shirley Blackford constructs a circle. **Bottom Left:** Betty Spillers is explaining an algebra problem to Zane Hunt,

Robert Benhow, LaVena Welsh, and Donna Ward. **Bottom Right:** Kay Yonkoski and Pat Blevins observe as David Guenther puts an algebra problem on the board for the class discussion in Miss Plumann's class.

## Thorough Comprehension of Math Is Essential in Life

MATHEMATICS helps the pupil to cope with the problems of everyday life, and also prepares him for future leadership in mathematics, science, and related fields. One year of either general mathematics or algebra is required for graduation. A minor consists of one year each of algebra and geometry or one of

algebra and one of general math. A major consists of the above with advanced algebra and solid geometry added. In the senior year college algebra and trigonometry are offered. This curriculum provides sound mathematical training and competence sufficient for ordinary walks of life.

# Masters from Literature Tell Centralites How to Live

THIS has been our golden anniversary year. There have been many "Remember when's?" spoken as Central alumni came back to visit. Someone recalled a Shakespeare line:

"The fault, dear Brutus, is not in stars,  
But in ourselves that we are underlings."

It is true that whether we are recalling the past, praising the present, or projecting our thoughts into the

future, the masters we studied in our English classes can express our thoughts far better than we. For example, would not the following from W. S. Gilbert's "Pinafore" make an appropriate introduction to many a boy's autobiography?

"When I was a lad, I served a term  
As office boy to an attorney's firm.

**Top Left:** Gary Corson, Mike Altekruze, Mike Krewson and Margaret Ladig listen attentively while Jessie Minor explains English sentences. **Top Right:** Paul Hill, Roosevelt Phillips, Gerry Kinerk, Sandy Danner, Joan Cox and Lonnie Miesen are leafing through poem scrapbooks. **Bottom Left:** Mrs. Chausse's

remedial class is tracing Johnathan's travels through the West.

**Bottom Right:** Shirley Shroyer points out features of the Language Arts course to her 5x class, who are currently studying "Silas Marner."

**Top Left:** Herb Matthias, Leroy Nard, Don Brundige, John Pidlisny, David Phillips, and Mrs. Stackhouse are dramatizing a scene from one of their supplementary reading books. **Top Right:** Selecting supplementary reading in Mrs. Davis' 1z class are Dennis Carrier, Angela Prudhomme, David Brewer, and

Helen Decker. **Bottom Left:** Miss Jackson's class discuss essays on the "Discovery of Gold in California." **Bottom Right:** A short story report is being given by Delores Daniels while Sarah Curry, James Hinrichs, Jim English, Bob Dearduff, and Bob Demland are listening attentively.

I cleaned the windows, and I swept the floor,  
And I polished up the handle of the big front door."  
William Wordsworth can jar us from present contentment with:

"Up! up! my friend and quit your books;  
Or surely you'll grow double."

And, believe it or not, some day in the not too, too

distant future, we can join with Robert Browning as he chants his vigorous lines:

"Grow old along with me!  
The best is yet to be,  
The last of life for which the first was made.  
Youth shows but half; trust God: see all,  
nor be afraid!"

# Valuable Knowledge Gained From Languages and Library

CENTRAL students seek not only the practical but also the cultural aspects of education as found in foreign languages and the books of the library. A knowledge of French and Latin helps one to understand the development and definition of words. These languages prepare students for life work in various fields. They also give students a new cultural under-

standing of people and habits in other lands. The library is a very valuable aid to all students. No research project is too great or too small to be met in Central's library. The library is known as a working library in which each book has a purpose and in which there is something for every pupil.

**Top Left:** Johnnie May Curry, Joyce Gaskill, Pat Blevins, Rayola Crouch, Tom Richards, Norma Beeler, and Judy Ember are listening to a recording in French class. **Top Right:** Harold Black, Bob Hoops, Johnnie Rivera, and Dixie McIntosh are doing research in the library for a daily assignment. **Bottom**

**Left:** At the blackboard doing a lesson in Latin are Vonda Hunt, Bill Graft, Jerry Biddle, and Beverly Zimmerman. **Bottom Right:** Mrs. Vallance, librarian, checks out a book for Sue Jenkins during library period while other students hurriedly "cram" before a big test.

**Top Left:** Charles Deihl, Patsy Shepherd, and Jim Owens are arranging Christmas creations in the art room. **Top Right:** Karen Linton, Henry Goodson, and Roy Kahn are decorating a Nativity scene in Miss Hutto's art room. **Lower Left:** Mildred Jackson, Jerry Vice, and Mary Ann Goepfert are helping put

metallic paper on a picture of the Virgin Mary for Christ Child Festival. **Lower Right:** A group of industrious art students are putting glaze on ceramic pieces to be baked in the kiln, located in the basement.

## Art Classes Develop Artistic Ability in All Its Forms

SKETCHING, ceramics, lettering and poster making, figure and fashion, and interior decorating are the five fields in which the Art Department specializes. A four year course can be taken in which all of these fields are included. Art offers an opportunity for life work in teaching, advertising, gift wrapping, window

decorating, and interior and exterior decorating. The department is open for pupils who wish to develop a deep appreciation for art and acquire skill in art work. Modern art courses with the best equipment are open to any student who wishes to improve his art ability and acquire hobbies.

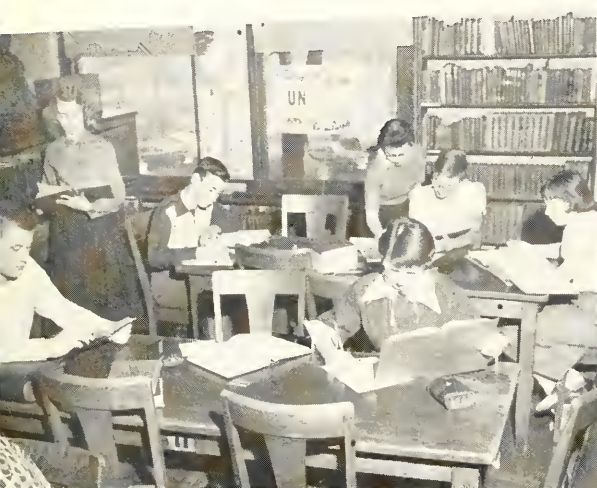

# Panel Discussions, Mock Trials, Voting Machines Afford

UNITED STATES history, world history, sociology, government, economics, freshman orientation, freshman civics, and Indiana history are the social studies which Central offers to all students. All juniors are required to take United States history while all seniors

take either sociology, government, economics, or Indiana history. These subjects include our relationship with people in other lands and nations, and through these, we may be better informed on world affairs so we may take a place in the Nation's work

## Better Knowledge, Understanding of 1955 World Affairs

for ourselves. One purpose of the social studies department is to give information on past historical happenings and to keep the pupil informed on the present and future world affairs. Mr. Richardson, the department head, believes in the use of films, slides and recordings of the actual voices of historical

people in classroom work. The students experience the proceedings of mock trials involving fellow students, the use of voting machines in class elections, and panel discussions. Many magazines and school papers keep the classes up-to-date on current events.

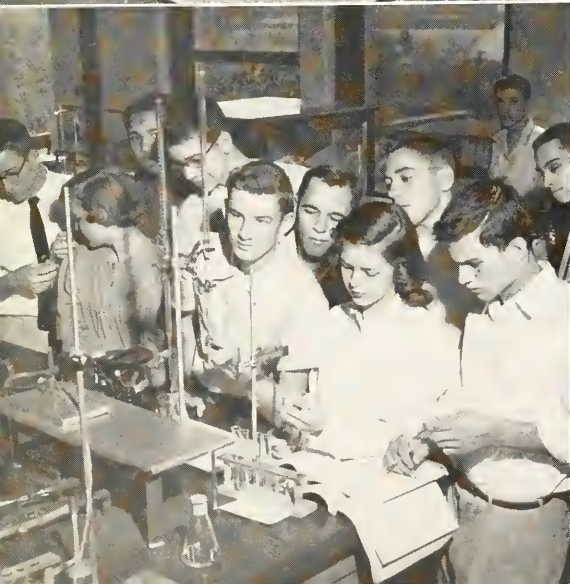

# Poof! Science Startles, Surprises, Always Interests Us

SCIENCE courses have a twofold purpose—to reveal as much factual information as possible to students and to help them develop scientific attitudes and methods. The student is able to appreciate the world and his place in it if he understands something about it. The average enrollment in science classes per

semester was 470. The physical facilities for science study have been improved, new sinks have replaced the old in the chemistry and physics laboratories, and new tables were added to the new biology laboratory. The science department also added a course in physical science.

## Health and Safety Improve and Protect Our Bodies

HEALTH, safety and gym class are all very beneficial subjects in any high school pupil's course. These subjects all help show the student how to improve and protect his health. They also make it possible for him to live a more vigorous and well-rounded life. In order

to be a happy person it is essential to have good health. These courses teach how to build good health and to keep it at a high level through the best of one's life. All must take health as a graduation requirement, as well as four semesters of gym work.

## A BASKETBALL record

of championships—15 Sectionals, ten Regionals, four Semi-finals, and one State Championship—is evidence of sports-mindedness at Central. Athletically inclined boys may participate in basketball, football, track, cross-country, golf, and tennis. Active girls enjoy eight sports in the Girls Athletic Association. All boys may play in the competitive intramural program. Five well-experienced and well-trained coaches pave the way for good seasons, every year. Central is proud of her standing in the world of sports.

**Right:** Two points for Central! John Flowers' shot goes in and out, but "Nate" Bates tips in the ball on the rebound. We won this North Side game.

# Athletic Girls Win Points in Eight Sports

THE Girls Athletic Association is one of the most active organizations at Central. It doesn't meet monthly, nor weekly; it meets daily. There is always something going on for a sports-minded girl. Membership is acquired by earning 100 points in after-school activities. There are a number of sports for which the girls may go out: volleyball, basketball, kinball, softball, tap dancing, square dancing, tumbling, and swimming. Business meetings are held the third Wednesday of each month. The social highlights of GAA are the banquet on May 24,

the picnic in the fall, and the Christmas party. The advisers, Miss Lenna "Sis" Arnold, and Miss Emma Adams, award several trophies at the banquet. The Hardiek Trophy is given for sportmanship, the Meier Trophy is given to the team winning the basketball tournament, the Bixby Trophy to the team winning the softball tournament, the Mueller Trophy to a girl showing ability in tumbling, the Fleckenstein Trophy for swimming, and the Merit Plaque to a girl for service to the club. The officers for the next year are announced at the banquet.

# Volleyball, Softball, Basketball, Swimming Enliven GAA

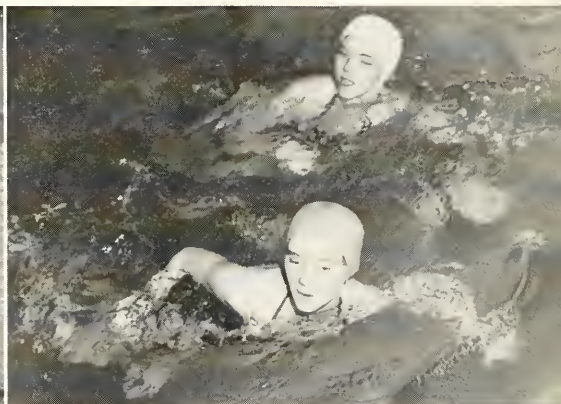

VOLLEYBALL is the main attraction of GAA members during the first grade period of school. After six weeks, one going in to the girls gym will find members playing a well-liked sport known as kinball, formerly called speedball, so called because it is a "kin" to such sports as basketball, football, and

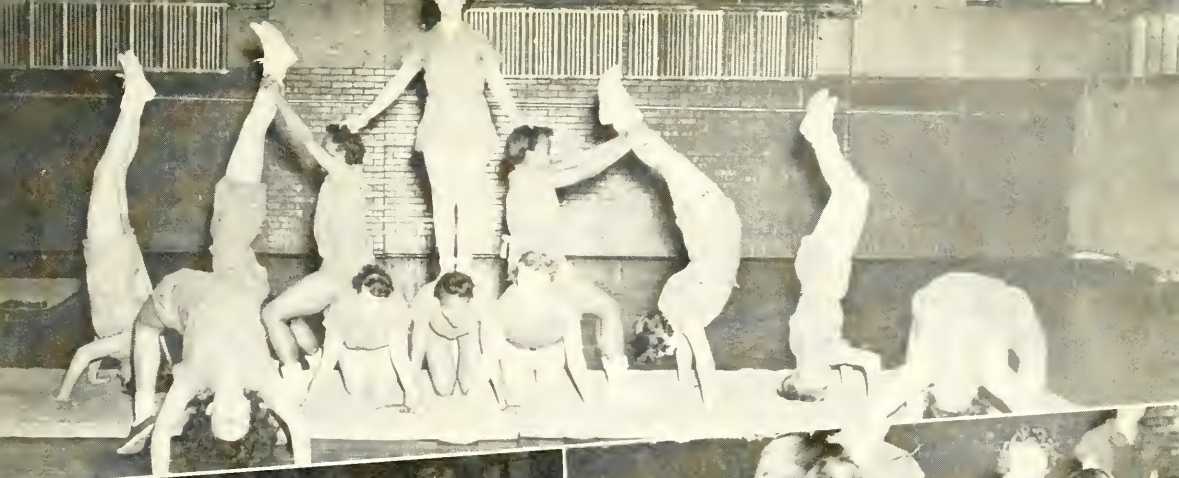

soccer. Points are received in kinball the same as in volleyball and basketball. The last grade period is spent playing Indiana's favorite pastime, basketball. A representative of the team winning the basketball tournaments receives the beautiful Meier Trophy for the team.

# Dancing, Kinball, Tumbling Add Zest to GAA

IN THE spring semester, girls in GAA may participate in square dancing, tap dancing, swimming, tumbling, and softball. To be eligible for points, a girl must attend one of these activities for six evenings. In square dancing to get 100 points eight girls form a set and dance during one of two test nights to a square dance record. These same requirements are also used in tap

dancing. To receive 100 points in swimming a girl must pass eight tests, surface dive, straight dive, float, and two laps of several different strokes. The girl who passes six of the eight tests gets 50 points. The girl who makes the first team in softball plays in the tournament and receives 100 points, a second team member receives 50 points, and a participant in neither receives 25 points.

## Bengals Red Hot! Win 19, Lose 3

CHALKING up a record of 19 wins and three losses, Central played splendid basketball. Central defeated all city teams twice and took the City Championship with an 8-0 record. John Flowers holds the city scoring record with 435 points in 20 games and was voted on the All-American second team. Three "Tigermen" were voted All-City and two Honorable Mention. The "Banetmen" averaged 58.4 points per game, totaling 1285 per season. Height, high scoring, and clean playing all added to a great season.

FRESHMAN SQUAD—**Front Row:** Ronnie Brubaker, Mike Harris, Art Ware, Bob Stevens. **Back Row:** Frank Smith, Bob Young, Ed Gosheen, Charles Milton, Aubrey Ridenour, Steve Hatch.

## High Scoring, Rebounding,

CENTRAL'S mighty Tigers got off to a roaring start by rolling over the Marion five. They met their first big challenge by knocking off our city rival, North Side, 59-44. McKinley of Canton, Ohio, outscored us in a close duel, 58-56. The Tigers won the Elkhart tourney by beating powerful Elkhart and the highly ranked Aurora. A sensational

game in the Butler field house gave Crispus Attucks a ten-point margin, Jan. 14. Johnny Flowers poured in 42 points against Central Catholic. The last thrill of the season came when the Tigers trounced North Side again, in a hectic and hard-fought game. This year's season ranks as one of Central's very best.

# Fast Gridmen Give Fans Both Thrills and Chills

COACH SNIDER fooled them all as he pulled a winning team from nowhere. Mr. Snider ignored the superstition about a sophomore jinx as a coach, and molded his team with underclassmen, mostly. The inexperienced Bengals met the roughest teams in state. Marion dropped the Blue in the opener, 19-0.

Two days later, the Tigers crushed Concordia's Cadets, 32-6. Central Catholic stopped the "Snitzmen" in the next encounter 13-0 on two "disputed" T.D.'s. Then "tragedy" struck Central when Hank Price and Ed Cowan both became injured within the next two weeks. However, the Tigers went on without

their regular backs and trimmed South Side, 13-0. The following week, the Blue swept over a highly favored "Ron Huffer and crew" from New Haven. Price, with a broken thumb, and Cowan, just out of bed with a sore back, shared the laurels in that battle, as Central dumped New Haven, 13-2. A very, very close game followed as North Side edged Central, 19-13. At Decatur, Central drubbed the Yellow-

jackets, emptying the benches, and filling the scoreboard, 37-7. Then at Northrop Field the following Wednesday, the Bengals made the expert prognosticators look like novices by upsetting Richmond. Muncie dumped the grid guys at Muncie, 27-0. Ouch! The season was closed successfully and impressively at Huntington with a resounding victory, 25-13.

## Thinliclads Victorious

THE HARD fighting Cindermen under Coach "Pete" Williams ended a successful 1954 season in defeating all the city schools except the tough squad from North Side. The Bengals placed third in the Sectional and Regional races on May 8 and 14, respectively. Central's 880-yard relay team took second place in the State track meet on May 21. In the Logansport Relay, Central came home with all the honors.
